green check = yes
red X = no
hand = raised hand (for questions or to add something)

Managing participants in the Wimba room

The image shows a screenshot of the Wimba interface with several annotations. At the top, a 'Media Options' menu is open, listing various settings like 'Video Always on Top', 'Audio Volume Controls', and 'Lock Talk'. Below this, a toolbar contains icons for 'TALK', volume control, 'Phone bridge', and 'Options'. A 'People (1)' list shows a participant named 'Sherri_Place' with a green connection indicator. A 'Participation' area at the bottom right contains a gear icon for managing the area and a list of actions like 'Disable Chat' and 'Lock Room'. Annotations include: 'Launch webcam' pointing to the webcam icon; 'Click to adjust volume (for listening or speaking)' pointing to the volume icon; 'Phone bridge' pointing to the phone icon; 'Options' pointing to the 'Options' button; 'Tired of holding the Ctrl key down? Click "Lock Talk".' pointing to 'Lock Talk' in the menu; 'Video privileges' pointing to the video icon; 'Chat privileges' pointing to the chat icon; 'Click to give presenter privileges to a participant.' pointing to the plus icon in the participation area; 'Indicates the quality of the participant's connection. green = great orange = good red = poor gray = no connection' pointing to the connection indicator; 'Speaker privileges + means able to speak - means unable to speak Click the + to disable speaking privileges.' pointing to the speaker icon; and 'Click to manage participation area. Is the room too noisy, or are you getting an echo? Disable the audio.' pointing to the gear icon.

Launch webcam

Click to adjust volume (for listening or speaking)

Phone bridge
